"Heritage was birthed in prayer."

-MS. LOVELY THANNICKAL

Praying is Key

Prayer is a lifespring of Heritage International School. As Ms. Lovely has said, "Heritage was birthed in prayer." And Heritage will continue in a legacy of prayer. Staff and teachers regularly pray for Heritage, parents meet once-a-month to pray, and most every Thursday secondary students voluntarily meet for prayer during free time. Moreover, whenever a major event happens, whether locally or around the world, students are gathered to pray during the school assembly time.

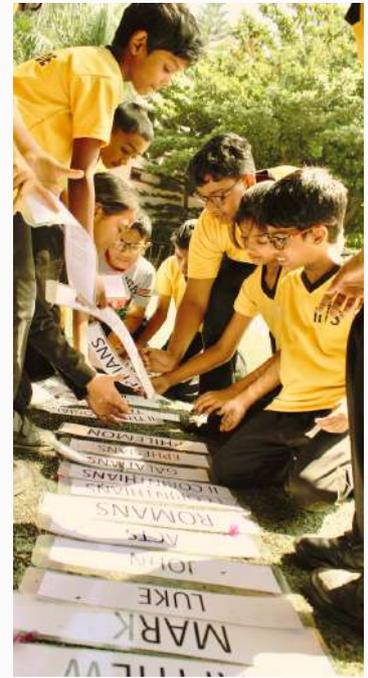

Bible Trivia

Bible Trivia is a fun and creative way to encourage Bible study. Students complete quests that test knowledge of Bible characters, verses, events and the books of the Bible.

First and Second Grade did an amazing job answer general Bible-knowledge questions. They also completed a number quest race in which they quickly chose the correct number for the question asked, such as “How many days of creation?” and “How many loaves of bread did the little boy share with Jesus?”

Grades 3 - 5 were given the quest of arranging the New Testament books of the Bible in order. While Grades 6 - 8 arranged the Old Testament books in order.

Grades 6 - 7 also played charades, in which they guessed the Bible scene. Grades 8 - 10 were in a scramble trying to decipher mixed-up letters of Bible names.

100 DAYS OF SCHOOL

Primary Section celebrated the 100th Day of School on the 5th of November. They made posters and banners using 100 objects such as stickers or shapes or notes, etc.

CHILDREN'S DAY

As HIS firmly believes every child is a gift from God, every year HIS loves to celebrate Children's Day. Long before the celebration, teachers work hard to make Children's Day a day filled with smiles, laughter, fun, games and even dancing.

The morning began with praise songs and a time of prayer for the students, followed by a word from Ms. Lovely. Afterward, each section (Kindergarten, Primary and Secondary) presented a special performance.

Dancing Grannies and Grandpa

Nursery Teachers slowly entered in Gran-style, all dressed up in their Grandparent best. The students were not quite sure what to expect, but they soon realized that these Grandparents had some groovy moves.

Sports Day 2.0

Beginning with March Past and ending with an oath to love and pray for their students, the Primary Teachers had fun reliving Sports Day. They cleverly incorporated the highlights from each Sports Day drill, including “splits”, cartwheels and even a person toss.

Class Shenanigans

“Miss, Miss; I’m hungry!” “Miss, I need to use the washroom!” “Miss, he took my pencil!” From Kindergarten to Secondary, teachers are keenly familiar with these phrases. But is everything the same for all grades? Secondary teachers did a skit of classes from young to old, taking bits of real-life experiences. Students really enjoyed watching teachers play the role of kindergarten students.

The Great Dance-off

Students faced off against teachers in a spectacular dance-off, led by Ms. Millie, the HIS dance instructor. We knew HIS students had rhythm, but on Children's Day, it was discovered that many HIS teachers have hidden talent.

MUN

On November 4, students from grades 6-9 participated in MUN, or Model United Nations. MUN is an annual event that promotes awareness of the wider world, -- past, present and future -- while fostering skills in research, communication and diplomacy.

“They dropped us. They dropped us like a sack of hot potatoes!”

DELEGATE OF
AFGHANISTHAN
UNHRC

Students work hard to research and write a position paper based on his/her assigned country’s policies and worldview. They then act on behalf of that nation during the day of MUN. This year, grade 6 focused on environmental issues while grade 8 discussed the plight of refugees and whether or not countries should support them. Grade 7 did things a little differently as they stepped into history and represented historical figures who were prominent in drafting and formalising the Preamble to the Constitution. Behind-the-scenes, grade 9 worked hard to make sure the day ran smoothly; they took on the role of leaders, monitors and press. Well done secondary students for a successful day!

GRADE 6A -- UNITED NATIONS ENVIRONMENTAL PROGRAMME: AIR QUALITY

GRADE 6B -- UNITED NATIONS ENVIRONMENTAL PROGRAMME: WATER & SANITATION

GRADE 7 -- CONSTITUENT ASSEMBLY OF INDIA

GRADE 8 -- UNITED NATIONS HUMAN RIGHTS COUNCIL

GRADE 9 -- MUN ORGANIZING AND PRESS COMMITTEE

CANDID MOMENTS
