*"Be devoted to one another in love. Honour one another above yourselves."*

*-Romans 12:10*

First Timothy 4:8 states, "Physical training is good, but training for godliness is much better, promising benefits in this life and in the life to come." I believe the same can be said of education: intellectual training is good, very good, but training the moral and spiritual character of a child is of even greater value.

Many of us parents chose HIS because we desire to see our children have a well-rounded education that encourages growth in every area -- intellect, character, emotion, etc.

Though no school is perfect, the love and care of teachers and staff at HIS is evident. They pour their hearts into what they do. They pray for each student and desire for each to grow in strengths while overcoming weaknesses. This year's school theme of honour and respect, reminds students that honour is an outflow from the heart. It is seen in our actions, our words and our thoughts.

This is a good reminder for us parents, too. May we strive to model honour and respect in our homes and relationships with others. And let us continually pray for our children's teachers, that they may be able to do their jobs well and with wisdom, insight, gentleness and love.

# Teacher's Day

September 5 was filled with laughter, games and an outpouring of love as HIS celebrated Teacher's Day. The morning began with a guard of honour as students applauded their teachers. This was followed by a school assembly, which included an encouraging word from Ms. Lovely, dances, song and skits. Both students and teachers laughed as the 10th grade gave their best impressions of teachers and class time. In the afternoon, it was students verses teachers in a series of fun games. Legend has it that teachers came out victorious at the end of the day.

# Sport's Day Preview

The students and staff of HIS made every effort to achieve a spectacular Sports Day for 2022. It was a fun day of races, marching, drills, cheering and accomplishment. Much before Sport's Day arrived, students put in many days of practice while staff undertook preparations. Through this experience, students of HIS exemplified several HIS key values, including motivation, perseverance and teamwork.
